

COMMEMORATIVE PLAQUE APPLICATION FORM

For nearly half a century, Heritage Toronto's Historical Plaques program has commemorated key people, places, and events in Toronto's past. These plaques help us explore our rich cultural, natural, archaeological, and architectural past—the people who lived in our homes and once walked our streets; the communities, events and streetscapes they shaped; and the world they faced and changed.

The program encourages Torontonians to apply for plaques and find funding support within their communities to make them happen. Heritage Toronto provides expertise in historical research and writing, plaque design and fabrication, and installation of plaques on buildings and in public spaces.

Together we work to remember our past, enrich our present, and inform future generations.

Plaque projects are reviewed by Heritage Toronto's Historical Plaques Committee, a group of individuals with expertise in Toronto's diverse heritage. Commemorative Plaque proposals are reviewed using the following criteria:

1. Plaque subjects must be based in Toronto and must have made a significant contribution to the heritage of the city.
2. Plaque subjects must be suitable for interpretation by means of a plaque.
3. Proposed plaques must demonstrate an understanding of the subject that acknowledges all voices and interpretations, and that includes the availability and reliability of academic support.
4. Proposed plaques that inform on topics not otherwise well presented to the public will be encouraged.
5. Plaque applications from communities of interest that are seen to be under-represented in the presentation of Toronto's heritage will be encouraged.
6. Plaque applications should have broad community support.
7. Proposed plaques should create opportunities for related programming.
8. Proposed plaques that create new partnerships for Heritage Toronto are encouraged.
9. Proposed plaques must have full funding available from the applicant or another source. It should be noted, however, that full funding, alone, will not ensure automatic project approval.
10. Plaque subjects that are already commemorated in Toronto will not be considered unless there are compelling circumstances to the proposal.
11. Plaque subjects that have occurred at least 40 years in the past will be considered. The Historical Plaques Committee may approve plaque subjects that have occurred more recently under compelling circumstances.
12. Heritage Toronto's Historical Plaques Committee retains the right to make final editorial decisions.
13. Commemorative Plaques are used for plaque subjects of a general nature such as the Site of the first moving picture show in Toronto, Chinatown, Scarborough Beach Amusement Park, Withrow Archaeological Site. For plaques on heritage buildings, please see our *Heritage Properties* plaque program.

Upon completion, plaques are the property and maintenance responsibility of Heritage Toronto.
